

Dear St. George Community:

This week, the Head of School Search Committee held a kick off meeting on January 13th, 2022 to formally begin the permanent head of school search committee process. Our team spent time with our search consultant, Doreen Oleson with RG175, reviewing roles and responsibilities, and an overview of our timeline for the search during 2022. The application deadline for the permanent head of school is September 15th, 2022. The search committee will then begin to review candidate applications and begin the process to interview semi-finalists and finalists for the permanent head of school position.

The search for the interim head of school is proceeding smoothly. The deadline for applications for the interim head of school position is February 15th, 2022. After that time, the interim head of school search committee, consisting of the executive committee of the board of directors, will begin interviewing candidates and proceeding through the process to name an interim head of school by late this Spring.

The board will continue to update the community at least once a month, on the 15th of every month, and we welcome your feedback and comments as we continue the process of finding our next Head of School.

Sincerely,

Lindsay C Blanton III  
Chair of the Search Committee  
President, Board of Directors
